

As you know Integrity is very involved with many community projects - we have had several successful community projects for Liberty House, Make-A-Wish, School supply collections, and animal shelter supply collections.

Our next community project will be:

Webster House.

Below is the mission statement and goals of Webster house.

MISSION STATEMENT

The Webster House exists to meet a condition that is prevalent in New Hampshire: youth who are unable to live at home for some period of time. The Staff's intent is to address four areas of the youth's life.

Physical: By providing a safe home

Social: By applying the norms of society

Personal: Through counseling, activities and a wide range of interpersonal relationships

Family: By rebuilding the bonds and reuniting the family close-conjuncture with clear and realistic expectations.

Is intended to prepare residents for adult life, recognizing fully that this is ultimately a partnership between the family, the child and the program.

Here is the wish list:

Gift Cards:

Sports Authority

If you would like to make a monetary donation please send via PayPal: Lauriegouley@gmail.com

All donations will be updated on our social media outlets and photographed.

Of course any donation is welcomed.

We do need to have everything collected by December 11th.

COMMUNITY PROJECT: WEBSTER HOUSE

We thank you all for your participation!

Without you these community projects would not be as successful as they are!
